Okay, sounds good. Did you get my message about Ed Smith with MO Coalition?

Shawn, since the sampling is being done for OU-1, even though we're using OU2 wells, I don't think it is necessary to report on the OU2 progress report. The upcoming OU-1 progress reports should adequately describe the work.

Dan,

Herst & Associates will be assisting with the upcoming groundwater sampling event and since sampling of OU-2 wells is included, should this be mentioned under Section II (Work Planned during July and August 2012) in the OU-2 progress report? Or does it fall strictly under OU-1 work?
